

Certificate of Registration

This is to certify that the Quality Management System of:

Ryze Power Limited

North Bailey House, 12 New Inn Hall Street, Oxford, OX1 2RP, United Kingdom

(Central function listed above. See appendix for additional locations)

applicable to:

Delivering energy solutions including low carbon and low emission fuels - such as hydrogen, advanced biofuels, and other industrial gases - alongside intelligent electric charging systems.

This also includes managing distribution networks, supplying low carbon and low emission fuels with supporting infrastructure, and providing full EV turnkey solutions, from design and analysis through to installation and implementation.

has been assessed and registered by NQA against the provisions of:

ISO 9001:2015

This registration is subject to the company maintaining a quality management system, to the above standard, which will be monitored by NQA
